

**GCL Ministries, Inc.**  
**COVID-19 Information & Form**

Due to the COVID-19 pandemic, we are available to schedule appointments in two ways: 1) By virtual means and 2) In person. If you prefer to meet in person, we will ensure the proper safety measures by maintaining the appropriate social distancing and requiring the wearing of masks during the counseling session.

We kindly ask that you do not meet in person if within two weeks of your preferred scheduled appointment you've been exposed to someone having the Coronavirus; have had a fever; or have been ill. Thank you for your understanding and cooperation in this way.

In order to ensure the safety and well-being of others, we request that you take note of the symptoms below that may or may not apply to you. If any of the symptoms do apply, we kindly ask that you would not schedule an in person counseling appointment at this time until none of the below apply for fourteen days.

- I have a fever.
- I have a cough.
- I have shortness of breath or difficulty breathing.
- I have an illness.
- I have been exposed to individuals with a known coronavirus infection in the past 14 days.

If none of the symptoms apply to you, please check the box below and sign and date this form and bring it with you to your scheduled counseling appointment.

- None of the above applies to me.
